

8X Publishing

Provides the most economical, robust automation in the industry.

Superior Innovation

Producer 2000 Amigo

A fully automated, single recorder CD-R handling system that offers the most compact, economical production system producing unique, on-demand CD-Rs in minutes!

Amigo Network	
Easy to use client interface allows users to share same system	Great for centralizing control of CD recording
Amigo Unique Data Publishing	
Images, downloads, and records simultaneously	Great for multimedia imaging, billing and COLD applications
Amigo Duplication	
Cost effective just-in-time Production	Great for short run applications

Easily Connects To Your Windows 98 or NT 4.0 PC
Supports all CD formats

8X Speed
Records full CDs in less than 10 minutes

Full Color Thermal Printing
Only solution for true production applications

Exclusive Datastreaming Architecture
Supports simultaneous imaging, downloading and recording

PERFECT PRINT™

Combining the artistry of silk screen with the impact of on-demand print, Perfect Print enables you to align customized graphics and text to pre-silk screened images that reflect your color standards, logos and graphics.

POWER TOOLS

Beyond simple duplication, these software tools allow developers to easily integrate the power of the Producer to their own systems. Reduces development time by 75%!

POWER IMAGE

Virtually eliminates the time needed by other systems to create ISO 9660 image files. Removes redundant hard disc storage requirements. Dramatically reduces network traffic.
